

How do I connect my HP M148fdw Wireless Monochrome Laserjet Pro Printer to a wireless network?

Contact Printer Expert US for HP Printer Support: (866) 203-7571, Mon. - Fri. from 08:00 am to 09:00 pm (US/Canada).

To connect your HP M148fdw printer to a wireless network, follow these steps:

1. Ensure that your printer is turned on and in a ready state.
2. On the printer's control panel, touch the wireless icon or open the Wireless menu.
3. Select the Setup option or the Wireless Setup Wizard.
4. The printer will search for available wireless networks. Select your network from the list.
5. If prompted, enter the network password or passphrase using the printer's control panel.
6. Once the printer successfully connects to the wireless network, a confirmation message will be displayed on the control panel.

For more detailed instructions and troubleshooting tips, refer to the User Guide provided with the printer. You can download the User Guide from the link provided above.
